

**63 12 499 Headlight conversion, tourist solution, RHD/LHD traffic**

+ 63 12 999

**Core activity**

**(-) Affixing adhesive film for tourist solution, driving on right/driving on left conversion, to headlight**

**Attention**

Commercially available adhesive tape will damage the plastic lens of the light.

Use only the special, black adhesive film for bodywork applications available from trade outlets.

- For changing from driving on right to driving on left, the special adhesive film must be applied to surface (A); note the distance from the bottom.
- For changing from driving on left to driving on right, the special adhesive film must be applied to surface (B); note the distance from the bottom.

**(-) Remove the adhesive film for tourist solution, driving on right/driving on left conversion, from headlight**

**Attention**

Damage to the plastic lens of the light.

Do not use solvents such as acetone, cellulose thinners, or similar products.

Do not use cleaning agents such as scouring powder or scouring solutions, and do not use scouring pads or similar products.

- Remove the adhesive film from the headlight.
- Use only a proprietary alcohol-based windscreen cleaning fluid to remove residues of the adhesive, if necessary.
